Hull War, Strikes, Terrorism and Related Perils

Listed Areas

The Joint War Committee has recently reviewed the Listed Areas, last issued on 20 April 2006 and has agreed the following changes which are incorporated in the new list as attached.

Deleted: The Malacca Strait
Added: Sumatera (Sumatra), but only the North Eastern coast between 5° 40' N and 0° 48' N, excluding transit.

Ports, places and coasts which feature on the list have been assessed by the independent consultants to exceed an enhanced risk benchmark established by them. This list will be published on the LMA and IUA websites and will be accessible to all on www.the-lma.com and www.iua.co.uk.

The application of this list on individual contracts will be a matter for specific negotiation.
